

Prestige 700 Series for Men

Abbott Hall™

7

E

The traditional beauty of the pulpit robe is shown with black velvet panels highlighting the Geneva front. This garment, finely tailored for your comfort, has a concealed front zipper in order to eliminate any bulkiness or reflection. The double lined sleeve has a five inch cuff covered with a bell shaped outer sleeve. Your robe will be tailored with an eighteen piece yoke consisting of face material, flannel, tailor's canvas cut and sewn to form fit your shoulders. The robe is carefully fluted on a custom made machine to assure you the fullness for a graceful drape of material. All of our prestige series 700 robes have a brush braid fringe on the bottom to prevent hem wear, pocket slits and may be available with full pockets, buttons and arm shields. The back of the yoke is carefully pleated to match the Geneva front and adds character to your robe.
