

Intro to ALBS, CASSOCKS, **Abbott Hall** SURPLICES, CHIMERES & ROCHETS

All of these specialized vestments are individually created with the finest fabrics and expert tailoring.

Our **ALBS** are made of an imported natural flax blend in several styles. All albs include a matching cincture. Select a hood, a modified hood or no hood. Choose lace inserts on the sleeves, contrasting cincture or a corresponding tapestry stole.

The **ROCHET**, a full-length vestment is worn under a sleeveless cassock. Fitted at the sleeves with pleats or a french cuff, coordinating color bands add additional style and elegance. Our rochets are made with polyester and cotton fabric providing easy care and movement.

CHIMERES, are worn over rochets. Made of a lightweight fabric with a distinctive look it is representative of our finest tailoring. Deep pleats accent cording in the back, full pleating at the shoulder and distinctive cuff treatment create a distinguished and stately look.

SURPLICES made from easy care polyester/cotton complement and enhance any vestment fabric. Meticulous tailoring and sleeve design options provide a surplice of superior quality.

Exquisite tailoring, attention to detail and luxurious fabrics make our **CASSOCKS** individual and elegant. Color and Fabric choices, decorative trims and cape options allow for the creation of a cassock that is unique to you.

A **NAB112** Alb with lace insert on sleeves and two lace inserts near bottom of gown. Available in white Dorian cloth or Natural flax only. Coordinating cincture included.
