

GALAXY and REGENCY

the GALAXY

A dramatic robe in every way from the contrasting colored trumpet sleeve inserts, cuffs and yoke, to the attached stole with tassel. Robe has a concealed front zipper and full fluting across the back and over the shoulders. The contrasting yoke and attached stole offers the opportunity for embroidered initials and symbols.

the REGENCY

Double two-toned attached stoles are featured in the REGENCY. Graceful fluting across the back and shoulders and front pleats add to the elegance of this gown. Stoles have contrasting border. The top part of the stole and high collar are the same color as the body of the gown.
