the
GEMINI with reversible tunic.
A unique gown with contrasting yoke and inverted pleat in the sleeve. A buttoned on tunic is reversible with option of tapestry, Royalty or other trim fabrics. Diagonal panels on both sides of tunic provide appropriate place for church name, symbol or initials. The buttoned on feature of a reversible tunic eliminates slippage of larger tunic. This gown offers three ensembles in one with or without the tunic.

Reverse side coordinates with gown materials and colors. Shown with optional embroidered cross.
