

# SLEEVE STYLES

Abbott Hall offers a choice of optional sleeve treatments for directors and musicians.

## ELASTIC SLEEVE BAND (ST-1)

The graceful line of the sleeve is maintained in a neat manner with the use of elastic at the wrist. The sleeve does not ride up and is recommended for use by the director or organist.

## SPLIT SLEEVE (ST-3)

The split sleeve gives a nice appearance for the organist or piano player. It leaves the hands free for the musician while keeping the upper arms covered.

## CUFF SLEEVE (ST-2)

A 3" cuff with adjustable Velcro® closing beneath a bell sleeve. A convenient closing for a musician or choir director.
